	How many times did the teachers see this today?					
	Team 1	Team 2	Team 3	Team 4	Team 5	
1 I come up with and share ideas with my team to plan a new challenge activity or robot creation.						Which teams or students did this particularly well today? How?
2 I suggest solutions to problems, and ask if everyone agrees.						
3 I help new people learn by clearly explaining the goal of the challenge, or how our robot works.						
4 I encourage and help others to learn and try new things e.g., "Have you tried this before? That's okay, I can show you... Now you have a go!"						
5 I give compliments and congratulate others when they do things well e.g., "Wow, well done making it move like that! You learned that really quickly."
