Activity Interview game

You play this game with a partner. They will act like a reporter and interview you about your answers.

Starting with your '3 activities I like' and working down the page, your partner will ask you why you like, somewhat like, or dislike an activity. Record your answers in the right-hand side.

If you have time, brainstorm or search the internet for careers related to your top 3 liked activities. You can search 'I like _____ what career could it be'. Write down some interesting ideas.
